

PhillipCapital is a New Customer of Validus

Austin, TX, October 18, 2017 – Eventus Systems, Inc. (“Eventus”), a provider of innovative regtech software solutions announced that Phillip Capital Inc. (“PhillipCapital”) is a client of its Validus risk and surveillance platform. Validus provides a centralized view of trading, operations, surveillance, compliance and risk management information for a wide range of financial firms including FCMs, brokers, Exchanges/ATS, banks and proprietary trading firms.

Validus’ proprietary design provides a centralized view into trading, operations, surveillance, compliance and risk management information across asset classes for both buy- and sell-side firms, and is the only run-time enterprise risk and compliance platform on the market capable of spanning the front-, middle-, and back-office. Validus has both Enterprise and Cloud solutions to be able to customize the solution per client.

"In examining the landscape for cross asset surveillance systems, Eventus and the Validus platform offers us what we need" said Lynette Lim, Director & Co-CEO at PhillipCapital.

"We’re delighted to have PhillipCapital and ETC as new clients, because of their strong client first cultures, commitment to compliance and efficient business operations," said Travis Schwab, CEO of Eventus.

ABOUT EVENTUS

Eventus Systems, Inc. is a regtech software firm that assists financial firms in solving pressing industry challenges. Led by a veteran management team, Eventus brings exceptional talent and pedigree in software development, with a particular expertise in capital markets and high-performance data management. Eventus’ Validus is the only run- time enterprise risk and compliance platform on the market capable of spanning the front-, middle-, back-office, allowing for sophisticated risk management and surveillance. Through multi-stream data reconciliation and pipelining, Validus offers a high-performance, scalable platform that was built and battle-tested in the toughest market conditions.

About Phillip Capital Inc.

Phillip Capital Inc. (“PhillipCapital”) is a Chicago-based futures commission merchant (FCM) and broker dealer that is part of the PhillipCapital Group based in Singapore since 1975. Formed in 2010 as a Futures Commission Merchant (FCM), the firm has exchange memberships on the CME, CBOT, COMEX, NYMEX, ICE Futures US, CFE, NFX, ICE Futures EU and DME. In addition, it provides access to the major Asian and international exchanges through the PhillipCapital network of companies. In 2015, PhillipCapital became a registered broker dealer and is a member of FINRA and DTCC. As a broker dealer, PhillipCapital is able to provide clearing, execution and custody services of US securities. PhillipCapital also has its own proprietary

back office processing software, which enables them to offer facilities management to other FCMs. The company is located at the historic Chicago Board of Trade building.
